

CEL331 STRUCTURAL ANALYSIS II (2010-11)

Tutorial Sheet 1 (Stability and Indeterminacy)

(Available online at: <http://web.iitd.ac.in/~sbhalla/cel331.htm>)

Analyze the following structures for stability and determinacy/ indeterminacy. If stable and indeterminate, find out the degree of statical indeterminacy (DSI). If unstable, how can the structure be stabilized.
